

Camping Info sheet

It's your responsibly to make sure everyone in your group is aware of the following. This is only sent to the person making the booking.

If you looking for a bit of an adventure and rustic camping is your game...then you are a Mtentu Camper.

At Mtentu we don't have a set out campsite as such. Our campers just camp around the lodge grounds and make use of all the lodge facilities. Its rocky terrain but all the previous campers have created 'Spots' where tents can be put up easily enough with 180 degree oceans views.

- The camping spots have no shelter from rain or wind. You are exposed as you are camping out in the open. Please make own provisions for this. There can be extreme winds and heavy rains. Make sure you have extra rope and shelter to help with these elements.
- As mentioned its rocky terrain so bring extra rope to secure tents to rocks instead of all the pegs in the ground.
- Campers use the lodge ablutions and facilities. These are close to the usual spots people choose (can be further depending how far out you decide to set up camp)
- Campers will have to take our fully catered option. There are NO self-catering facilities at the lodge or at the camping spots.
- No open flame allowed as in gas bottles or open fires for braais at these spots.
- The communal Lapa area has plug points for charging phones etc.
- Tea and coffee is available 24/7 in the Lapa area.
- We take no responsibility for any damages to any camping or personal equipment.
- We don't give refunds for late arrival or early departure for any reason.

COSTS:

Camping WITH FULL CATERING OF 3 MEALS A DAY:

Full 3 meals a day, unlimited tea/coffee. There is a menu layout on the full version of our website:

www.mtentulodge.co.za
